Trying to find an elusive setting?

- 1. In Netsuite click on the Setup tab
- 2. Use the Search box on the Setup dashboard upper left corner
- 3. Search using feature keywords
- 4. The Search results will display any settings that have that Keyword(s) in it
- 5. Click on one of the results and the page where the setting resides will show with the keywords highlighted in red.

Example: search for credit card
